Making A Difference In A Town That Is Different

Fall 2010

January 8 Cleanup...note change!

In a departure from our normal “first Saturday of the month” tradition, FJB volunteers get to **sleep in on New Year’s Day!** That’s right...the first FJB beach cleanup of the New Year will take place on Saturday, **January 8**, not on Jan. 1. *Thank you for reminding your Friends! Happy New Year!*

Welcome Back Snowbirds!

It’s nice to have you back! We know you appreciate the efforts of our dedicated & hardy SUMMER volunteers who kept the beach clean while you were away!

The biggest change you’ll notice is the change of **crossover numbers**, found on shower stalls or posts. Here are a few examples:

#33	#10
#43	#12

Square Grouper Dog Wash Smash Hit!

July 31 was a great day to be a dog in Jupiter! It was the only morning this year dogs were allowed to visit the famous Square Grouper Tiki Bar on the Jupiter Inlet. After a swim at [Square Grouper](#) beach, dogs were lovingly scrubbed and gently dried by fantastic teams of volunteers. Humans were treated to live music, libations, lively vendors, inviting silent auction and a special breakfast with homemade goodies by Joan. *Heartfelt thanks to our sponsors & participants for this great fundraising boost for FJB!*

Sponsors Lenore Pinello and Joe Scarmuzzi of In the Kitchen in Tequesta also shared dog-washing skills and gourmet dog treats! Enjoy more photos on page 3, thanks to volunteer photographers Joanna Aiken & Penny Sheltz.

Thank You Beach Cleanup Sponsors!

Why are people using Jupiter Beach as a dump?

Which inconsiderate person left this large, broken umbrella at the beach?

If you bring it to the beach, take it home from the beach (even if broken)

One morning's haul, from only one section of beach.

You know who you can count on to clean it up!

Bravo to the Friends of Jupiter Beach volunteers who dedicate time every month to clean up our precious beach & thanks to James & Erin Carpenter of [Rapid Removal](#), for donating their time & truck to pick up recyclables every month, another boost for our environment.
