You may never know who is trashing the beach you treasure

...but you DO KNOW who you can count on to keep it CLEAN and dog-friendly! Your support for Friends of Jupiter Beach helps our beach, our marine environment and our community.

It's been a year of milestones...FIFTEEN years of service to our beach and community, 20,000 pounds of cumulative garbage removed from the beach in just 3 years of tracking, and recognition by the Loggerhead Marinelifelife Center for our marine conservation efforts as a finalist for a GO BLUE award! Our care and commitment to Jupiter Beach never waivers...*we hope you feel the same!*

We must rely on caring Friends like you to stay alive...*your tax-deductible donation to FJB will enable us to continue to make Jupiter Beach the place you and your family treasure for years to come.*

Our heartfelt thanks for your contribution toward this great community-wide effort, and your deep appreciation for our hard-working volunteers & visionary founders.
